

ENVIRONMENTAL MANAGEMENT POLICY STATEMENT

Lowcock Builders is striving for a sustainable future the organisation is committed to minimising the impact on the environment from its business operations.

The company realises that we can deliver a far better sustainable future by ensuring that our suppliers, subcontractors and employees fully understand our commitment and their role in this management process.

OBLIGATIONS

- Lowcock Builders Environmental Management Policy is dedicated to developing and maintaining a Environmental Management System that demonstrates our commitment to reducing Environmental impacts;
- We believe having a thorough management system is key to identifying and managing environmental impacts to ensure the environmental impact is reduced and managed;
- Lowcock Builders has in place a fully documented Environmental Management Systems, externally certified to ISO14001:2015. Continual auditing and reviews are undertaken to ensure constant improvement and compliance.

OBJECTIVES

Continue to be committed to managing and reducing environment impacts by:

- Adopting the environmental controls specified for a project in accordance, legislative and regulatory controls;
- Comply with the ISO 14001-2015 standard;
- Continually to improve the environmental performance of our business;
- Engage employees, clients and suppliers in reducing the organisations carbon footprint;
- Training employees in sustainability management;
- Encourage the development of innovative sustainable products and services;
- Adopt sustainable procurement practices;
- Use finite resources, including paper, energy, fuel and water as efficiently as possible;
- Minimise our carbon footprint through reduction strategies;
- Minimise waste by evaluating procedures to ensure they are as efficient as possible;
- Promote recycling of paper, cardboard and other materials;
- Promote water conservation across the organisation;
- Use latest technology to gain a higher level of compliance, document control of records and reduce carbon footprint.

To implement this policy, we shall focus on the needs of our business with reference to consistently meeting our clients and project requirements. Our quality management system will provide a way to monitor system issues and promote company improvements and growth.
